

"Meet The Need took advantage of society's growing thirst for social media as a means to communicate with our volunteers' busy schedules. We saved over 290 hours of time spent on the telephone signing up volunteers."  
**Metropolitan Ministries, President**

"After seven years of design, development, piloting and testing, Meet The Need is the realization of that vision. We provide a unique and innovative way to leverage leading-edge business technology to enable churches, ministries and individuals to reach out to those in need in their local communities or anywhere in the world!"  
**Jim Morgan, Founder, Meet The Need**

**Our Local Families**

**Scheduling Families**

**Scheduling Families**

Do far more with your limited resources – at no cost!

- 1 Not enough time in the day to call and email local churches to get volunteers.
- 2 A family needs help but what if they have already been helped?

2 common issues

**Meet The Need**

- 1 Show volunteer needs on your site and websites of local churches.
- 2 Search database, record assistance provided, and post family's needs.

Your website, just better!

**Grow Your Outreach**

Broadcast your needs, get more help, and grow your agency's outreach 24/7—all on your own website!

Build awareness and support  
Broadcast your needs to local churches  
Connect directly with members and fans  
Share your mission with more people

Get the help you need  
Show all needs on your website  
Track real-time status of all needs  
Automatic reminders, testimonials, etc.

Run your events with ease  
Coordinate with partners  
Empower project leaders  
Get volunteers and share logistics

Do shared case management  
Record families and assistance provided  
See where families have received help  
Schedule toy, food, and backpack drives
